

**Amendment to Item #12:**

In the last few months, our County has experienced environmental disaster that has acutely affected thousands of homes and the lives of innocent families, children, and individuals.

The examination as outlined in the motion by Supervisors Ridley-Thomas and Chair Solis deserves full support, as it provides the leadership expected by the residents of LA County, to ensure the health and well-being of our communities.

To further enhance the work of the Strike Team, I would like to make the following friendly amendment.

**I, THEREFORE, MOVE** that the Board of Supervisors:

1. Establish a five (5) member Advisory Panel consisting of independent experts in oil and gas exploration and production, one to be appointed by each Supervisor. All appointments shall be made by May 1, 2016.
2. The Advisory Panel's mandate will be:
  - a. To work in conjunction with the Strike Team in order to assess the team's findings and recommendations, and provide a report to the board on this assessment.
  - b. To provide any further recommendations that it deems appropriate.

The Advisory Panel's reports to the Board shall be provided no later than 30 days of the Board's receipt of the Strike Team's bi-annual written summary of findings and recommendations.
